NATIONAL LGBT HEALTH AWARENESS WEEK

MARCH 14-20, 2004 * WWW.LGBTHEALTH.NET

Millions in the lesbian, gay, bisexual, and transgender communities lack access to quality health care, which is critical to the health of our community and our nation. The second annual LGBT Health Awareness Week is dedicated to:

- Promoting LGBT Health and Wellness
- Preventing Illness and Death
- Protecting our Future

To find out what you can do to get more involved please visit our website at www.lgbthealth.net.
